A Partner of Lutheran Social Service in the Center for Changing Lives

Dear Kaleidoscope Friend,

We all know what a joy it is to give gifts to friends and family. It is a meaningful way of conveying our love and care for the recipient. This year, consider expressing that love by providing for the everyday needs of our Kaleidoscope children.

Investing in the kids who belong to all of us is a heartfelt way of expressing love and care. Your gift will enhance a life!

Happy Holidays!

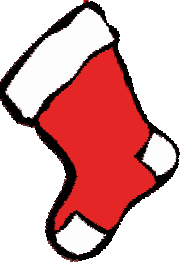

## Kaleidoscope Place Gifts for Life

**\$20 Stocking Stuffer:**  
**Sponsor a Child for One Day After School**

Two thirds of our children are one grade level behind in math, reading, and writing. That is not okay! Our program is vital for the inner-city children in the Phillips neighborhood. They need all of the academic support they can get. You can make that happen by sponsoring a child for one or more days in our After School Kids program.

**\$100 Stocking Stuffer:**  
**Sponsor a Child for One Week of Summer**

Do you realize just how important our program is to a child during the summer? Recent studies have shown that over the summer months children lose about 1 month of what they learned. At Kaleidoscope we do academic programming and enrichment activities that keep their minds sharp! Wouldn't you love to help a child for one or more of the eight weeks of our Summer Kids program?

**\$500 Stocking Stuffer:**  
**Provide Healthy Snacks for One Month**

It is so important for all of us to eat healthy. When you eat healthy your mind, body, soul, and spirit are clear and energized! That is what we want for our children. This is vital for them and affects all areas of their lives. Please consider feeding our children wholesome, nutritious snacks that will benefit their wellbeing.

**\$1000 Stocking Stuffer:**  
**Sponsor a Summer Kids Field Trip**

Do you remember going on field trips during the summer? What fantastic adventures and memories they create! The inner-city children that we serve in the Phillips neighborhood deserve the same adventures. Every summer we take our children on several fun-filled field trips, but the cost of busing and entrance fees to some of the destinations can be very expensive for 100 students. Give our children an experience that they will remember for a lifetime by sponsoring a Summer Kids Field Trip (or two!).
